VALPARAISO, CHILE DAMAGED BY QUAKE

Hundreds of People Buried In Ruins.

SERIOUS AS 'FRISCO DISASTER

Fires Are Burning In Various Parts of the City—Practically Every Building In the South American City Is Damaged.

New York, Aug. 18.—The city of Valparaiso, Chile, is reported badly damaged by an earthquake.

The report received here is that the situation in Valparaiso will be as serious as the San Francisco disaster. Practically every building in the city is damaged, and there are fires in different parts of the town.

Many persons are reported killed and wounded. The earthquake has interrupted cable facilities to lower South American points, and communication is restricted to the route by way of Lisbon.

Another report from Valparaiso is that the loss of life has not been confirmed. Fires are burning in various parts of the city.

One report which reached this city said that portions of Valparaiso were burning all night and that the bodies of hundreds of its residents were buried in the ruins of the buildings.

Valparaiso is a fortified seaport of Chile, and the most important commercial town on the western coast of South America. It has a population of about 150,000. It is the capital of a province of the same name and is situated on a large bay in the Pacific ocean 75 miles west northwest of Santiago, with which it is connected by rail.

The bay of Valparaiso, which is well sheltered on three sides, is bounded by ranges of hills rising to from 1,600 to 1,700 feet high, on the slopes of which a considerable portion of the city of Valparaiso is built. On the south side of the bay are the spacious suburbs of Nuevo Malecon and Gran Avenida, from which pass out one of the finest of the thoroughfares of Valparaiso, the Avenida des las Delicias. The lower central portion of the city is constituted by the Almedral, having regular and attractive streets, and containing the principal business houses, the park, the plaza Victoria and the national theater.

To the west of the city on the quarter of the city known as the Puerto (the port) in which are situated the greater number of the public buildings and the vast warehouses which line the quays and sand docks. In this portion of the city, however narrow and crooked streets are still a feature, but the other sections of the city have an attractive, modern appearance, the buildings of the business streets being massively built.

Among the monuments in Valparaiso are those to Columbus, Wheelwright (who established steam navigation on the Chilean coast), Admiral Prat and Thomas Cochrane, organizer of the Chilean navy. The city has various academic and collegiate institutions, a naval school, school for marines, museum of natural history, hydrographic bureau, etc., and its industrial establishments comprise foundries, railroad and machine shops, sugar refineries, breweries, distilleries, large bottling works and factories of all kinds. Elevators connect the lower part of the city with the villa section on the heights. The port of Valparaiso is the terminus of important lines of steamers for Europe by way of the strats of Magellan and Panama, and is the center of the South American coasting services. It contains a numerous foreign colony, composed chiefly of British, German and French, and Brith merchants. There is a custom house, alongside of which steamers of ordinary tonnage can moor, but most boats unload by means of lighters at the quays.

The harbor is defended by modern, well-mounted batteries. Severe storms and a tidal wave at Valparaiso June 30, 1899, wrecked the quays and did much damage to the city.

PHARR CAUGHT IN MONTANA.

Absconding Cashier of Bank at McRae Ga., Is Under Arrest.

Livingston, Mont., Aug. 18.—O. P. Pharr was arrested here [illegible] from McRae, Ga., where Pharr was cashier of the Citizens bank. He is charged with defalcation.

Pharr was traveling under the name of W. W. Williams, claiming to be a detective in the employ of the Georgia bank, in a hunt for the missing cashier.

A. I. Ryals, a director of the McRae bank, arrived Thursday evening and identified the prisoner.

Came to Atlanta and Disappeared.

McRae, Ga., Aug. 18.—O. P. Pharr, the absconding cashier of the Citizens' bank of this place, who has been located in Livingston, Mont., left McRae on June 10 last, presumably to attend the Bankers' convention which was in session at that time in Atlanta. He arrived in Atlanta on Sunday afternoon in order to be present at the opening of the convention Monday morning. With him was H. P. Whiddon, cashier of the Merchants' bank of McRae, and they registered at the Piedmont. After a short ride about the city, they returned to their room and Mr. Whiddon went to fill an engagement with his relatives in West End. Mr. Pharr claiming a headache and said that he would lie down and rest.

When Mr. Whiddon reached his room about 11 o'clock that night, his friend was gone, leaving no message. While alone in the hotel during the early evening hours it seems that Mr. Pharr wrote a leter to his wife, stating that he was short in his accounts and that he was going away never to return. An examination of his books showed a shortage, and it was believed at that time that the constant brooding over his trouble had temporarily unbalanced his mind.

The Surety company came forward promptly and paid the bond, then began a quiet search for Mr. Pharr's whereabouts. He will be brought back within the week and it is quite probable that his shortage will be made good, and that there will be no prosecution.

Killing Guard Convicts Escape.

Charleston, S. C., Aug. 18.—Feigning illness, three negroes, Alonzo Goodwin, Hammond Wilson, and Geo. Kenny, convicts, serving long terms on the chaingang of the sanitary and drainage commission work, near Ashley Junction, stopped in the stockade Thursday, and about 2 o'clock having asked for water, seized and overpowered H. C. Stello, the white guard, and cut his throat with a butcher knife. Two "trusties" at the stockade were locked in by the men, who ransacked the guard's rooms, donned civilian clothes, and escaped into the nearby swamps. The men, contrary to rules, were not chained in the stockade. The "trusties" broke out, and spread the alarm. A sheriff's posse is scouring the woods with bloodhounds.

Will Make Scientific Research.

New York, Aug. 18.—Like a Robinson Crusoe, only without a man Friday, and with a certainty of rescue, Alfred J. Klein will spend three months on Kerguelen island, away south of the Indian ocean and halfway between Tasmania and the southern end of the continent of Africa. He is being sent thither by the Museum of Natural History for purposes of research, and expects to sail from Boston in September. Through the voyages of a whaling vessel, the museum holds information about the island which leads to a belief that the island contains many specimens of plant and animal life entirely unknown to the world of science.

Prisoner Makes His Escape.

St. Petersburg, Aug. 18.—Beleszoff, the leader of the band which pillaged the Chedit Mutual Bank of Moscow, daringly escaped while on his way to Moscow from Switzerland, whence he had been extradited.

Well Known Author Dead.

Skowhegan, Me., Aug. 18.—Rebecca S. Clark, better known as Sophia May, writer of many books for children, died at Norridgewock Thursday night at the age of 73 years.

AID AGAINST BLACKS BEGGED OF ROOSEVELT

Citizens Say Negro Troops Have Threatened to Burn Town.

THE CITIZENS ARE DESPERATE

Urgent Appeal Also Sent to Texas Senators and the Governor To Aid Town Where Outrages Were Recently Committed by Negro Troops.

Brownsville, Tex., Aug. 18.—No replies being received by the investigating committee to requests for protection and relief from the strain under which this city has been since the outrage committed by the negro soldiers on Monday night, the committee has sent a most urgent message to President Roosevelt, United States Senators Culberson and Bailey, and Governor Lanham, detailing the outrage and stating that after two days' diligent inquiry, it has been found that no blame attaches to the citizens, and asking that the negroes be replaced by white troops. The message states that threats have been made by the soldiers that they will break out again and burn the town, and it is feared the five commissioned officers cannot control the men.

The governor and senators are implored to do all they can to secure the removal of the negro troops. It is expected the government investigation will result in a courtmartial for one or more officers.

A citizens' guard of 150 men is stationed along the road between this city and Fort Brown, and if the negro soldiers attempt to leave the garrison it is the avowed purpose of the citizens to shoot them down.

Four hundred winchester rifles were sold to citizens Thursday.

The report that the officers of the garrison are themselves afraid of the negro troops has determined the citizens to take no chances. Many people are leaving their homes on the side of the city near Fort Brown.

Oyster Bay, Aug. 18.—The message from the committee of citizens in the town of Brownsville, Tex., requesting that the negro troops who committed an outrage there last Monday night, be replaced by white soldiers, was received by President Roosevelt Friday. The president at once referred the dispatch to the war department with a request that an immediate report on the matter be made to him. No action on the committee's request will be taken by the president pending the report from the war department.

Washington, Aug. 18.—In response to President Roosevelt's request for information concerning the situation at Brownsville, Tex., Acting Secretary Ainsworth has forwarded the report received from Major Penrose and also informed the president that the commanding general of the department of Texas has been requested to furnish, as soon as possible, detailed information of the investigation being made by the military authorities. It is not believed at the department that there will be any further clash between the citizens and soldiers and the hope is expressed that the excitement which prevailed will subside when it is known that the government intends to ascertain all the facts and will punish any of the soldiers implicated in unlawful acts. It is stated that the troops will not be allowed outside of the post for the present and that strict discipline will be maintained.

Transfer Girls Walk Out.

Macon, Ga., Aug. 18.—About thirty transfer girls in the Macon knitting mill, at the corner of Hawthorne st. walked out Thursday morning on a strike because of their failure to receive an increase of half a cent on the dozen pairs of half hose which they asked. About 300 pairs of half hose made up the daily output of the mills, and the girls received 2 cents per pair for their transferring. President Dewar and Superintendent Hall are making plans to adjust the matter, and the male workers, it is said, will probably be given what they ask.

WANT CHEATHAM TO RESIGN JOB

Alabama Commission Talks of Cotton Association Situation.

Montgomery, Ala., Aug. 18.—Commissioner of Agriculture R. R. Poole said Thursday that he believed that Secretary Cheatham, of the Southern Cotton association, ought to resign, as it has been shown that he has dealt in futures. He believes that every man has a right to deal in futures if he sees fit, so long as such action does not compromise some other men or organizations.

"My idea is," said Colonel Poole, "that the people of the south ought to say to Mr. Cheatham: 'We appreciate very much what you have done, and your services in Washington will always be remembered, but you have made a mistake which is likely to hurt the southern cotton association, and it is best for you and the association that you drop out.' This, I think, is the best and safest course for Mr. Cheatham to pursue and I am sure that the meeting at Litle Rock early in next month should ask for the resignation of Secretary Cheatham."

There is evidenced on the part of the public in this section, the greatest confidence in the Southern Cotton association, and many look to it this year as in the past two, to help keep the price of cotton up. It is thought that there will be no trouble in maintaining the organization for the good of the farmers who have been so much interested in and helped by it.

Two Killed by Boiler Explosion.

Birmingham, Ala., Aug. 18.—At Ensley, Ala., Friday the boiler of locomotive No. 13, of the Birmingham Southern railroad, exploded while the engine was near the furnaces of the Tennessee Coal, Iron and Railroad company. Engineer Ed Brinker and Fireman Claude White were instantly killed and their bodies blown to fragments. A fragment of flying iron pipe struck the engineer at furnace No. 5 and he was badly hurt, as was also a negro switchman, who was working in the railroad yards nearby.

$10,000 Needed for Repairs.

Washington, D. C., Aug. 18.—According to information reaching the navy department, the recent collision between the battleships Alabama and the Illinois will cost the government $10,000 in repairs, principally to the Illinois. Although that vessel cannot be completely repaired in time for the president's review off Oyster Bay, she will participate in that function and return to the yard later.

Massachusetts Bank Closed.

Washington, Aug. 18.—The comptroller of the currency has received advices by telegram from National Bank Examiner Ever that the First National Bank of Chelsea, Mass., has been closed by the action of the directors. Examiner Ever has been appointed receiver. The failure of this bank was reported by the examiner to be due to excessive loans to officers and directors of the bank.

Funeral of Mrs. Craigie.

London, Aug. 18.—The funeral services Friday over the body of Mrs. Craigie (John Oliver Dobbs) were largely attended. Ambassador Reid and Mrs. Reid and many other Americans and a number of English authors and writers were present. Monsignor Brown delivered a sympathetic and eulogistic address, during which he dwelt upon the deeply religious life of the deceased.

Frisco Bank Clearings.

San Francisco, Aug. 18.—The bank clearings of San Francisco show much activity in business during the past week. The increase over last year was 9 per cent and the totals were well above the $40,000,000 mark. For the week ending Thursday noon, August 16, 1906, the clearings were $43,914,147 as against $40,149,283 for the same week of 1905. The increase is $3,764,164.45.

Expelled Mullahs Return.

St. Petersburg, Aug. 18.—A dispatch from Teheran says that the return of the expelled mullahs was made the occasion for great ceremony, the city being illuminated in their honor for four days. The disturbances have ceased. The health of the shah is reported worse than for some time.

GOVERNOR SEES NEGRO KILLED BY LYNCHERS

State Executive Powerless to Prevent Lynching.

GIRL IDENTIFIED HER ASSAILANT

Governor Heyward Pleads with Indignant South Carolinans, But in Vain. Object of Wrath Shot to Death Near Victim's Home.

Columbia, S. C., Aug. 18.—Within the shadow of the house of his victim, Miss Jennie Brooks, after having been identified by her, and after Governor D. C. Heyward, who went to the scene of the trouble and had addressed the mob in vain, Bob Davis, the negro who on Monday murderously attacked Miss Brooks with intent to commit assault, and who afterwards outraged a negro girl 14 years old, was lynched about 7:30 o'clock Thursday evening.

Governor Heyward reached the scene shortly after the negro had been captured. A platform was erected in a fence corner on the premises of the victim's father, from which Governor Heyward addressed the mob in an effort to prevent the lynching.

The governor beseeched the mob not to lynch Davis, but in vain. At the conclusion of his speech the governor was vociferously cheered.

The mob then removed the prisoner to a place within a short distance of the home of the victim, where the negro was riddled with bullets. It is impossible to estimate the crowd, as citizens from several counties had gathered at the scene and for two days had been in pursuit of the fiend, but it is certain that hundreds of bullets were sent through his body.

The militia in that section of the state is now encamped at Chickamauga and there were no nearby troops to be called upon.

Startling Meat Disclosures.

Chicago, Aug. 18.—That the free lunch served in hundreds of saloons in Chicago is largely composed of meat in a condition absolutely unfit for use, was discovered Thursday by Food Inspector Murray, when his force of assistants raided a barn at 124 Illinois street, owned by William Davidson. The place contained thirty stoves over which six men were working in an endeavor to a prepare diseased pork and beef into a semblance of its original form and thereafter "manufacture" it into free lunch for the saloon trade. The men working in the awful stench of the place were arrested on warrants sworn out by Inspector Murray, and with Davidson, are accused of violating the health ordinances of the city.

Suspends Work of Construction.

Baton Rouge, La., Aug. 18.—Because it is alleged that the Cumberland Telephone and Telegraph company dislikes the reduction of 10 per cent in the toll line service recently ordered by the Louisiana railroad commission, the company has suspended the work of construction and improvements being made in various sections of the state. The new toll line rates do not go into effect until Sept. 1, and the Cumberland company, the only company affected, will have until that time to arrange its business for the new schedule.

Depew's Auto Held Up.

White Plains, Conn., Aug. 18.—Deputy Sheriff Townsend, in the town of Bearedale, held up a touring car Thursday for speeding at the rate of 65 miles an hour, in which were Senator and Mrs. Chauncey Depew and another woman, said to be a relative of the senator. The chauffeur denied exceeding the speed limit. Senator Depew sided with the man saying the speed had not impressed him as fast. He gave a cash bond for the chauffeur's appearance.

Carry Nome Country.

Seattle, Wash., Aug. 18.—Cale and Wasley, the candidates of the miners of Alaska have carried the Nome country, known as the second district, judiciary, by handsome pluralities. This election is now conceded by all.

ACCIDENTAL DEATH OF T. R. ODER

Reported to Have Occurred at Mikesville.

EN ROUTE TO DOWLING PARK

Deceased Was a Prominent Business Man of Western Alachua—His Son and Daughter Were With Him When Death Occurred.

News was received in this city Friday of the accidental killing of T. R. Oder, formerly a prominent business man of Bell, this county.

Mr. Oder came to Gainesville last Friday to consult Attorney Evans Haile concerning legal matters, and left here Saturday for Tyler. Later, he started overland, in company with his children, a son and daughter, for Dowling Park, where he intended spending some time for his health. The accident is reported to have occurred Thursday night, 16th inst., at Mikesville, when Mr. Oder was in the act of retiring. It appears that in undressing himself his pistol fell from his pocket to the floor, when the weapon was discharged, the bullet passing upward through the fleshy part of his abdomen, inflicting wounds from which he died during the night.

Mr. Oder had been married twice, and it is said he had not lived peaceably with his present wife for sometime, and that the couple had separated. He was at one time one of the leading merchants of Bell and had many friends in the western part of this county.

Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases, and no family should be without it. For sale by all druggists.

Saunders Sells Property.

M. B. Saunders has sold to B. R. Colson a tract of four acres of fine vegetable land in South Gainesville, bordering on Sweetwater branch. The land is improved, all under good fence, and is said to be among the most fertile for trucking purposes in the county. Mr. Colson may decide to employ a gardener and run a truck farm.

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant of Magnolia, Ind. MAJ. D'PASS' FUNERAL.

Was Held at Micanopy, Thursday Afternoon—Large Crowd Present.

The funeral of Major S. C. DePass, father of Dr. M. H. DePass, who was drowned while fishing in Saw Grass lake, near Archer, on Tuesday afternoon, was held Thursday afternoon at the Micanopy cemetery, Rev. A. M. Daiger, the Methodist minister, assisted by Dr. Waddell, pastor of the Presbyterian church, officiating.

The funeral was largely attended, the deceased being well known and popular throughout this section. The services were held at the cemetery, as the home of Dr. Depass, owing to the large number who desired to attend, could not accommodate the crowd. Among those present was a committee from Gainesville Lodge No. 990, B. P. O. E., of which Dr. DePass is a member, comprising W. E. Dow, W. L. Hill and E. G. Baxter. This committee, together with Dr. Clyde Carter and J. R. Fowler, made the trip in Mr. Fowler's automobile, returning to the city about six o'clock.

It was to be regretted that Major DePass' wife could not be present, but inasmuch as she was in Connecticut and it was difficult to reach her by wire, she was not notified until too late to come to the funeral. The sympathy of her friends is extended.

The funeral was one of the most largely attended in this section for several years, friends coming from every section of Alachua, Levy and Marion counties, which exemplified the popularity of the deceased.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease beforeit becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the First M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by all druggists.

Will Have Fine Trip.

Alderman and Mrs. H. E. Benson expect to make their departure in a day or two for points in New York. They will spend a week or ten days in New York City, from whence they will proceed to Malone and points in the famous Adirondack mountains of Northern New York. They will also visit the Thousand Islands and other prominent resorts, probably returning via Vermont, the former home of the Bensons.

Alderman Benson is chairman of the Sanitary committee of the City Council, and during his absence the duties of this committee will be under direction of Alderman J. Harrison Hodges.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la- grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and $1.00. Trial bottle free.

THE BUILDING CONTINUES.

W. N. Wilson Will Erect Two Nice Residences on West Magnolia.

And still the building goes on. The carpenters and mechanics are busy in every section of the city, without signs of abatement, but instead the prospects of an increase in the demand for labor.

Contractor N. W. Malphurs stated Thursday to a Sun representative that W. N. Wilson, who owns nice property on West Magnolia street, between Pleasant and Arredondo, would soon begin the erection of two handsome and modern cottages on the premises. The cottages will be two stories, and will contain seven rooms each. The material has been ordered, and the lumber will be upon the ground as soon as it is possible to get it there. That section of the city, as well as other sections west of West Main street, is building rapidly, and is destined to become a leading residence section.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

Compliment to Mr. Morris.

Geo. P. Morris, the hustling agent for the Prudential Life Insurance Company in this city, is in luck—and big luck at that, since the State manager, Walter P. Corbett, has awarded him a free trip to New York and return, all expenses paid.

But Mr. Morris deserves this honor, for he has won it. Sometime ago State Manager Corbett offered a trip to the National metropolis to the agent who wrote the largest amount of business for his company during July. This put Mr. Morris to thinking and to work, with the result that he has been successful.

Stomach Troubles and Constipation.

No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but thanks to Chamberlain's Stomach and Liver Tablets am almost cured." Why not get a package of these tablets and get well and stay well? Price 25 cents. For sale by all druggists.

Death of a Child.

Information has been received in this city of the death of Thomas, the three-year-old son of Mr. and Mrs. T. E. Bridges, which occurred in Wisacky, S. C., on Monday afternoon. Captain and Mrs. Bridges formerly resided here, but have been living in Ocala for the past three years. Their numerous Gainesville friends will regret very much to learn of their unfortunate loss, and will extend sympathy.

In Self Defense.

Major Hamm, editor and manager of The Constitutionalist, Eminence, Ky., when he was fiercely attacked four years ago by piles, bought a box of Bucklen's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of burns, sores, cuts and wounds. 25c at all drug stores.

SERIOUS STABBING NEAR L'CROSSE

In Row Tim McClain Stuck Knife Into Man's Heart.

FULTON STARTED THE ROW

It is Reported That He Went to Home of McClain and Began the Fuss and When He Was Ordered Away Attempted to Brain McClain with Stick.

Information was received in this city Friday of a stabbing affray near La-Crosse which will probably result in the death of Cain Fulton, a negro whom it is said does not enjoy an enviable reputation.

Fulton, it is said, went some time during the night to the home of Tim McClain, another negro and a peaceable man, and raised a row. McClain ordered him to leave the place, but instead it is said that he advanced upon McClain with a stick and was in the act of braining him, when McClain suddenly produced a knife and stabbed Fulton just above the heart, inflicting a dangerous and ugly wound.

Fulton was taken to Dr J. W. Roberts, who rendered all attention possible, but Fulton is in a critical condition, and may die from the result of the wound.

McClain is employed at the tie camp of L. J. Knight, and is an industrious and hard-working negro.

Had a Big Trip

P. M. Oliver, W. C. Bale and Harry Owens have returned from a hunting and fishing trip of three days' duration which they enjoyed very much. The time was spent between Kanapaha sink and Haile sink. There was plenty of good things to eat, fishing was good, and altogether the trip was a most enjoyable one.

The party was joined at the camp grounds by a jolly crowd from Kanapaha and Waccahoota.

HOLIDAY FOR EMPLOYES.

The G. W. Hyde Company Will Close Their Store Thursday at Noon.

The weekly half-holiday for employes of stores will be inaugurated by The Geo. W. Hyde Dry Goods Company today, they closing at the noon hour and allowing everyone the remainder of the day for enjoyment.

This matter has been under discussion for some time, but met with rebuffs from a number of the business houses. Irrespective of what others will do, J. D. Gardner, the new manager, came to the conclusion that it would be to his interest if a half-holiday was granted during the summer heat, and hereafter every Thursday afternoon will be given his people until further notice.

Mr. Gardner has made a life-long study of the dry goods business, and his appointment to the responsible position he now holds will prove a grand thing for the firm. As an "ad" writer he has no superior, and his methods have attracted a steady trade to the house, the like of which has never before been seen during the hot weather.

HAS A NEW JOB.

Jesse Goss, Formerly of Gainesville, Has Secured New Position.

The friends of Jesse H. Goss, who for the past five years has been in the insurance business in Chicago, will be glad to learn that he is prospering. He has accepted a position as traveling special salesman for the Standard Oil Company and will make his headquarters at Des Moines, Iowa.

The friends of Mr. Goss feel confident that he will make a big success of his new position, as he is a hustler.

Why Fret and Worry

When your child has a severe cold? You need not fear pneumonia or other pulmonary diseases. Keep supplied with Ballard's Horehound Syrup—a positive cure for colds, coughs, whooping cough and bronchitis. Mrs. Hall, of Sioux Falls, S. MICANOPY BRIEFLETS.

Brief Record of What Has Occurred During Past Week.

Micanopy, Aug. 12.—After spending a few days at home, Dr. H. L. Montgomery has returned to Daytona to join his family for a few days' vacation.

J. P. O'Dell, agent for the G. & G. Railway at this place, is visiting in Atlanta and several places in South Carolina.

Rev. E. A. Gray is spending the week at Daytona.

Mrs. J. C. Mathers and daughter, Miss Katie, are home again after spending sometime at High Springs and Worthington.

Miss Lizzie Mathews of Tacoma was in town yesterday on her way to Alachua to visit her friend, Miss Ruby Hawkins.

Rev. J. T. Duncan and family have moved to Tampa. He proposes to make that city his permanent home.

O. E. Baynard has moved into the house vacated by Rev. Duncan.

David Laird, district superintendent of the Southern Bell Telephone and Telegraph Company, headquarters in Savannah, Ga., was in town yesterday looking after the exchange that his company proposes to put in here. He wants it rushed right along, so we can have the advantage of long distance connection.

W. A. Carlton of Hawthorn was visiting his family here this week. Mr. Carlton is engaged in the naval stores business near Hawthorn.

Miss Edna McCredie is at home, after a trip to Baltimore, where she went to purchase the stock of millinery for Hodgson & Wood of Archer.

Miss Sue Smith has returned to Miami, after spending a few weeks with home folks.

Mrs. Wm. Knox of Limona, Fla., is visiting relatives here for a few days.

Dr. Johnson has gone to McIntosh on a business trip.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

THE S.S.S. STANDARD TONIC

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes fickle, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn-out feeling. When the system is in this depleted run-down condition it must be aided by a tonic, and S. S. S. is recognized everywhere as the standard. Being made entirely of roots, herbs and barks selected for their gentle action as well as their invigorating effect on the system, it will not disagreeably affect any of the delicate members or tissues as do most of the so-called tonics on the market which contain potash or some other harmful mineral ingredient. These derange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health. S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, run-down feeling, and supplies tone and vigor to the entire system. It re-establishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, dizziness or drowsiness, after eating, are no longer felt. Not only is S. S. S. the greatest of all tonics but possesses purifying and alterative properties, and if there is a taint in the blood it will promptly remove every trace and restore perfect health. In selecting your tonic for this year do not experiment but get S. S. S., the recognized standard.

The government mansion at Tallahassee is now well under way and the contractor is pushing work thereon as rapidly as possible. It will cost about $25,000 when completed.

Florida will soon become as noted for the quality of her peaches as she is for the golden fruit. This industry has increased rapidly during the past few years, in which Alachua county has surpassed all other sections in the quality as well as the quantity of the fruit.

W. M. Turner, president of the League of Fourth-Class Postmasters in the several counties of Florida, has called a meeting of the League to assemble in annual session at Palatka on August 23d, at 12 m. Every postmaster of the fourth-class office is urged to be present.

People take newspapers nowadays, read them and then throw them away. They never think what a source of pleasure and profit—or reminiscence and thought—a file or even a few numbers of such a paper would be to them twenty or thirty years afterwards. Pay for your papers and then keep them.

Joseph H. C. Pratt, editor of The Leesburg Commercial, died at his home on the 17th inst., after an illness of only three days, the cause of his death being hemorrhagic fever. Mr. Pratt was one of the oldest editors, in point of service, in the State, and his death is deeply deplored by the fraternity.

Referring to the Governor's call for contributions of postage stamps to send out his literature on the drainage of the Everglades, The Dunnellon Advocate pertinently says: "As it costs a stamp to send a stamp wouldn't it be a good idea to hold mass meetings and let each man hand in his stamp and send it to the Governor?"

John A. Graham, Democratic nominee for the Legislature from Manatee county, has been exonerated by the party executive committee of that county of all charges brought against him by The Florida Sun, now published at Tallahassee. The Sun continues its fight against Mr Graham, however, and promises to exert every effort to defeat him at the polls.

Hon. W. J. Bryan is without doubt the most popular living Democrat, but we fail to see how this fact gives him authority to demand the resignation of National Committeeman Sullivan of Illinois, or members of the committee from any other State. Mr. Bryan had better devote himself to building up the party, rather than taking sides in factional fights. He will need the votes of all factions in 1908.

The Pensacola News refers as follows to one of Florida's principal industries: "The turpentine industry has brought millions of money into Florida. Many people regret the destruction of the pine forest of the State by the naval stores operators and lumbermen, but these pines are here for a purpose, and the spirits, rosin and lumber they produce are needed for the use of man. Other trees will grow in their place, while areas of the land will be converted into farms, truck fields and cattle ranches."

VIOLATING THE LAW.

The Sun has been requested to publish the State law against officials, both State, county and municipal, being interested in any contract or public work, which is as follows:

"CHAPTER 4020.

"An Act to Prohibit Officers From Bidding For or Entering Into Any Contract Which They Are or May Be Interested In the Letting, and Prescribing a Penalty For the Same.

"Be it Enacted by the Legislature of the State of Florida:

"Section 1. That it shall be unlawful for any commissioned or other officer of this State, or for any officer elected or otherwise of any county or incorporated town or city therein, to bid for or enter into, or be in any way interested in, a contract for the working of any public road or street, the construction of or building of any bridge, the erecting or building of any house, *or for the performance of any other public work* in which the said officer was a party to the letting.

"Section 2. Any person violating the provisions of this act shall be guilty of a misdemeanor, and upon conviction shall be confined in the county jail not exceeding one year, or fined not exceeding five hundred dollars, or both by fine and imprisonment, at the discretion of the judge.

"Section 3. All laws and parts of laws in conflict with the provisions of this act are hereby repealed.

"Section 4. This act shall take effect from and after its approval by the Governor.

"Approved May 10, 1901."

We are informed that members of the City Council interpret this statute as not applying to their furnishing supplies to the city of Gainesville. We advise any member, however, who has been interested in bills heretofore paid by the city for supplies of any kind whatsoever to desist from furnishing supplies to the city hereafter, as the matter has been passed upon by the supreme court of the State in the case brought by Burr et al. against the commissioners of Dade county, in which Commissioner Sewell, who was president of a company which had been furnishing supplies to the county, was compelled, as a compromise, to furnish to the county all sums in excess of the actual cost of materials and supplies furnished. The law is plain, and any municipal officer who is in any way interested in a firm or corporation furnishing supplies to the city, of any kind whatever, violates the law and is subject to criminal prosecution. The supreme court has defined this law, and its definition is the highest authority.

REPORT OF SCHOOL BOARD.

The attention of our readers is called to the annual financial statement of the Alachua County School Board, which appears in today's Sun. Boiled down to a plain statement of facts, the report shows a net reduction of the indebtedness of the School Board during the past year of $4,676.06, the net indebtedness as shown at the close of the school year of 1905 being $44,703.05, as against $40,026.99 this year. We consider this an excellent showing for the indefatigable efforts of the County School Board and the able superintendent, Dr. J. L. Kelley. Dr. Kelley was elected upon his promise to reduce this indebtedness, and the result shows that he has been true to his promise. He has worked hard to get the affairs of the office in proper business shape and is justly entitled to the plaudits, "Well done, thou good and faithful servant."

The habit of treating those who are nearest and dearest to us with discourtesy is one that clouds the sunshine of too many homes. If you are young and looking for your prince, just test his home conduct. Do not be guided in your choice by what a young man is in the parlor, find out what he is in his mother's sitting room. Do not judge him by the way he can tip his hat, but by the way he treats the old, especially his parents.

GOOD healthy action of the Liver and bowels invariably follows the use of Lamar's Lemon Laxative (L. L. L.)

It is a reliable remedy, made by an old reliable firm, and gives greater satisfaction than any other medicine of its kind. It is just the medicine that you require in the spring.

G. W. Barfield, of Helena, Ga., says: "L. L. L. is one of the best medicines on the market, and it will do all that is claimed for it."

Mrs. W. W. Folsom says: "It is worth more than all the other medicines I ever used."

KNOCKING BRYAN.

The New York World, says The Tampa Times, is endeavoring to whistle down Mr. Bryan and wants to know—in a menacing and knocking tone—where the votes are to come from to elect him if he is nominated in 1908. There are two replies to this query. One is that whether or not Bryan is elected in 1908, the Democrat who goes to the polls and votes for him will feel a genuine and sincere pleasure in doing it, and there is something in that.

The other reply is that issues have changed since 1900, while the flood of money that bought the election away from Bryan will not be forthcoming in 1908. The votes for him may come from States which he never carried before. Take, for instance, Iowa. The Republicans of that State have just adopted a Bryan platform. Suppose the National Republican Convention of 1908 shall stand pat on the tariff, go back on the railroad regulation matter, give up the destruction of trusts as a conundrum, and otherwise fall short of the demands of the people. Where would Iowa be then? Right at the top of the Bryan column the morning after election.

PROTECTING THE FARMERS?

The International Harvester Company—the agricultural machinery trust—has just made a contract with the Tennessee Coal and Iron Company for 25,000 tons of pig iron, the price being about $13 a ton at Birmingham. That will make a good many harvesters and other farm machines which will cost the farmers of the United States at least 20 per cent more than it should through tariff protection of the trust. Paragraph 460 of the tariff law provides that:

"Plows, tooth and disk harrows, harvesters, reapers, agricultural drills and planters, mowers, horserakes, cultivators, threshing machines and cotton gins, twenty per centum ad valorem."

This trust is said to be selling its products cheaper abroad than here and our farmers have to pay high prices for the benefit of the trust and the foreigners.

We wonder how many of our readers have noticed the difference between the man who has been married but a short time and one who has been married several years? You can always tell a young husband from an old one. When a man has been married a few months, you will generally see him working in the garden or fixing up the house and while he works he whistles, or sings, or occasionally looks up towards the window to see if anyone is watching him. A year later he is still working in the garden but the smile has been exchanged for a frown and he occasionally looks up towards the house wondering why in thunder breakfast is not ready. Another year rolls by and his looks would sour milk, but he is still at work, stopping occasionally to kick the dog or throw a brick at the cat. The next year we find him sitting on the front porch, smoking a pipe, while his wife does the digging in the garden. Now just watch our young men, as, one by one, they are caught in Cupid's net and see if this rule does not work out the problem correctly.

SUNBEAMS

BY J. MARVIN NICHOLS

Do you know that while the sculptor is chiseling into stone the image that is in his mind, he at the same time transforms the stone into the vision that burns in his brain? How true it is! Our destiny like the unhewn granite, is to be fashioned according to the thought and passions that inspire us. We are going to turn out the beautiful dream in stone, or we shall produce a work hideous and unshapely. Which shall it be, for you're the sculptor?

There's nothing sadder than the unwelcome child in the home. True—it is a thought almost unthinkable, but if you will stand inside the circle of these modern times there are so many things that remove us by ages from the primitive social, home and individual life. The man that looks the issue in the face is not a pessimist. The truth is, a man is an optimist only when he is pessimistic enough to see the glaring fault and then sets about its cure. Not wanted—yes, not wanted! And, if by accidental destiny, the angel visitor appears—still, not wanted! It is said that in the rich section of the Bronx, and among about 5,000, not a child born within the year. The modern flats, in densely populated districts, are most sure to put out the sign: "Children not wanted." We are really in the age when Napoleon's statement comes with awful meaning: "What is needed in my beloved France—Mothers!"

The scales of justice are on such uneven balances. In a certain Texas town, Guy Price, an ignorant negro seventeen years of age, was promptly arrested and placed under a $200 bond to answer charge of carrying a shotgun in town on election day. The lowest penalty therefor is $50. The unsuspecting boy was only on his way to purchase shells. Doubtless, the arrest was made not far from unmolested men who were using profane and indecent language in public places—within earshot of women on the street. Colonel ——— passed through the penitentiary gate, sentenced to 18 months' imprisonment for filching $40,000 of depositors' money in his bank. He met on the threshold a poor fellow just released after three years' imprisonment for stealing a bull-yearling. The young man in your parlor—a prospective, well-to-do son-in-law—is the same contemptible wretch who put the scarlet letter on the bosom of some mother's girl. He goes scot free; but that girl—she's passed beyond the shadows never to return. You'll barter your innocent girl for his gold, but that girl—you must draw your skirts aside if perchance they might brush the hem of her garments. Some day, where sense is not dull nor vision dim, the scales of justice will strike an even balance.

A man or woman may lead a life of honesty and purity, battling bravely for all they hold dearest, so firm and sure of the rightness of their life that they never think for an instant of the diabolical ingenuity that makes evil and evil report where naught but good really exists. A few words lightly spoken by the tongue of slander, a significant expression of the eyes, a cruel shrug of the shoulders, with a pursing of the lips—and then friendly hands grow cold, the accustomed smile is displaced by a sneer and she stands alone and aloft with a dazed feeling of wonder at the vague, intangible something that has caused it all.

St. Lucie county, the youngest of the forty-six which make up the commonwealth of the great State of Florida, has joined the dry column, much to the disgust of many of those citizens who were most instrumental in having the new county formed from the former territory of Brevard. It is said that a few of those who opposed the formation of the new county voted dry ticket out of revenge, but such is hardly the case. Sentiment is steadily on the increase against the open saloon, and it is safe to conclude that the verdict rendered against them in St. Lucie county is the honest conviction of a majority of the people.

Senator Bailey, like Senator Tillman, has triumphed over his enemies in his own State and in other States by being unanimously renominated for United States Senator, and Democrats everywhere are to be congratulated that they will continue to have these two champions of honest government to expose the corruption and grafting of the Republican majority.

ACCIDENTS INCREASING

Fast transportation, poor railroad service, the multiplied diversities of daily life, whether in business or in recreation, and the careless haste and nervous intensity of American character are resulting in a constantly increasing average of accidents, fatal and disabling.

18,296 PEOPLE KILLED AND HURT DURING JANUARY, FEBRUARY AND MARCH.

Washington, July 25.—The railroad accident bulletin which has just been issued by the Interstate Commerce Commission for the three months ending March 31, 1906, shows the total number of casualties to passengers and employes to be 18,296 (1,126 killed and 17,170 injured). This is an increase of 17 in the number of killed and 52 in the number injured over those reported in the preceding three months.

The number of passengers and employes killed in train accidents was 274, as against 320 in the preceding three months, a decrease of 46 in the number killed.

The total number of collisions and derailments was 3,490 (1,921 collisions and 1,569 derailments), of which 289 collisions and 167 derailments affected passenger trains. The damage to cars, engines and roadway by these accidents amounts to $2,924,785.

SERIOUS WRECK OF PACIFIC EXPRESS

Fifteen Passengers Were Seriously Injured—Engine Plunged Into River.

Fishkill Landing, N. Y., July 29.—Pacific Express Train No. 37, of the New York Central and Hudson River Railroad, which left the Grand Central station in New York at 9:32 o'clock tonight, was wrecked shortly before midnight a short distance above Chelsea, and eleven miles below Poughkeepsie, by running into a landslide which had been swept down from a high embankment by a terrific rainstorm this afternoon. The engine of the flyer was thrown from the rails and plunged into the river.

TWO YACHTS CAPSIZED.

Eight Persons Lost Their Lives After Thrilling Experience.

Anglesea, N. J., July 29.—Two yachts capsized in Hereford inlet bar off here today and so far as can be ascertained tonight eight persons lost their lives. There were 32 persons on one yacht, of whom seven were lost, and 12 on the other, all but one of whom were saved.

That not more fell victims to the rough sea was due to the heroism of Capt. Ludlam of the Hereford inlet life saving station and a crew of five men. It was at first thought that from 14 to 28 persons had been lost, but after an investigation the coroner tonight stated that he believed only eight were lost.

20 PERSONS KILLED IN SEABOARD WRECK

By Blunder Trains Meet in Terrible Collision—Both Demolished.

Raleigh, N. C., July 24.—A collision between a freight train and a regular passenger train on the Seaboard Air Line Railroad at 8:40 Sunday night, three miles south of Hamlet, resulted in the death of four trainmen and sixteen others, and the injuring of twenty-four.

The bodies of the dead are being prepared for burial at Hamlet and Rockingham, while the injured have been removed to Charlotte and placed in the hospital there. The wreck was due to the failure of the regular passenger train to receive orders at Rockingham.

GAINESVILLE & GULF IS NOW GRADING

Work Will be Pushed Rapidly From Fairfield Toward Tampa

ARE AT WORK IN EARNEST

It is Said That There is Plenty of Capital Behind the Venture, and That Within a Reasonable Time Trains Will be Running to Tampa.

From Sunday's Daily Sun.

There has been a great deal said within the past few months about the proposed extension of the Gainesville and Gulf railroad and the intentions of the management, but up to a short time ago there has been nothing definite accomplished. However the Gainesville and Gulf railroad and the management of its affairs has passed into hands of men who mean business now, with the result that the right-of-way has been cut for several miles south of Fairfield and grading has actually begun. A large force of hands will be put to work on this grading, and it will be pushed as rapidly as possible.

W. A. Jones, who for the past two years has been connected with Eagan's market in this city, has associated himself with W. G. W. Gornto, an old contractor, and will take the contract from Crystal River. They are now recruiting hands, and will put a good force on Monday morning grading northward towards Fairfield, where they will meet the grading team working South. It is proposed to push the work forward as rapidly as possible.

There are a great many improvements being made and contemplated by the Gainesville and Gulf, which at present cannot be published. The road is laying a number of sidings in the Gainesville yards, and it is understood that arrangements are being made to handle a largely increased freight business, which will naturally come through an extended system.

The Gainesville and Gulf will be running into Tampa in a reasonable length of time, and is destined to become the trunk line of Florida, as it will shorten the distance between the West and Tampa several miles.

NEWS OF CITY AND COUNTY CONDENSED

W. W. Bruce and wife of Fairbanks were in the city yesterday on a visit to their son in East Gainesville. Mrs. Bruce will spend a few days with her son, while Mr. Bruce will "bach" it at home during her absence. These good people are among the oldest and best people of this section and it is always a pleasure to meet them. Mr. Bruce called at The Sun office and renewed his subscription to this paper for the twenty-second time, having been a regular subscriber for 22 years, during which time he has never been in arrears for more than two months.

Dr. Andrew Sledd and family, who recently removed to this city from Lake City, are temporarily located at the home of Major and Mrs. W. L. Floyd. Dr. Sledd, who is president of the University of Florida, is looking for a home, however, and, while they appreciate the generous hospitality of Major Floyd and his good wife, they are desirous of settling in their own home. Dr. Sledd is well pleased with Gainesville, and is also gratified at the progress being made on the elegant new University buildings, which the contractors guarantee will be ready for occupancy at the time of the opening of the fall term, September 26.

Attention is directed to the advertisement of The G. W. Hyde Company, who are advertising a clean-sweep sale for the second week. This sale proved a great success during the first week, as the goods in every department offered were far beyond the expectation of those who bought them. This will naturally result in a "run" the coming week, and those who attend the sale are assured of bargains, as will be noted from the prices. The G. W. Hyde Co. advertises not for show, but upon business principles, and it may be depended upon that the firm always present the articles as represented, as they are here for business, propose to remain here, and could not afford to misrepresent articles if they desired to.

Earthquake Did No Damage.

London, Aug. 18.—The earthquake shock felt at Mendoza, Argentina, on Thursday night, did not result in any serious consequences, according to a dispatch to the Exeter Telegram correspondent from Buenos Ayres.

SHORT STAPLE COTTON.

Mr. Hartman of Paradise Believes It Can Be Raised Profitably Here.

Mr. [illegible] Hartman of Paradise [illegible] refined and Christian [illegible] preaches the gospel [illegible] has to put in a great deal [illegible] farm and in his [illegible] yard with the result that he has at all [illegible] a bountiful crop. He has [illegible] fine shade trees in the front [illegible]

Mr. Hartman is not only a producer of fine pears and other fruits but as a practical farmer, and [illegible] an abundance of everything to [illegible] can be produced upon the [illegible] farm. He became interested last season in the growing of upland, or short staple cotton, and from a pound of seed which was furnished by a lady [illegible] planted two rows 300 feet in length each. The plant grew and bore prolifically, as was demonstrated by a couple of bolls he brought to this office. The bolls are well opened, and produce a fine substance of almost double the size of the ordinary short staple cotton.

Mr. Hartman states that the yield through the entire planting has been most prolific, and he does not understand why the growing of upland cotton could not be made prolific here, as, judging from the yield of that which he had planted, nearly a bale to the acre could be harvested.

Miss Tebeau's School.

Announcement will be seen elsewhere of the opening of the fall term of Miss Tebeau's school on September 17. This is one of the oldest and most widely known private schools in the state, being now in its thirty-third year under the same direction. Miss Tebeau is recognized as one of the most competent educators in the State, and in the person of Miss Thomas has a valued assistant.

NOBLE A. STROBHAR WANTS DAMAGES

Has Filed Suit Against Atlantic Coast Line For $25,000.

LOST FOOT IN ACCIDENT

Was in the Employ of the Defendant Company, When He Fell From Locomotive and Wheels Passed Over His Limb—Amputation Foot Necessary.

An important suit has been filed in Progress Docket No. 2, page 183, of the records of Alachua county, which will likely prove of a great deal of interest before it is finally decided.

The case in question is that of Noble A. Strobhar vs. the Atlantic Coast Line, and the title is for damages of $25,000 for injuries sustained by the plaintiff, while in the employ of the Atlantic Coast Line Railroad, the plaintiff having lost a foot.

It will be remembered that young Strobhar, who is a son of Captain J. N. Strobhar, former agent of the Atlantic Coast Line at this point, was employed as a baggageman or flagman on the line of the defendant, running between High Springs and Citra. Several months ago, while attempting to dismount from an engine in the High Springs yard, Strobhar's foot slipped and he fell under the tender, the wheels so badly mutilating a leg that it was necessary to have the foot amputated.

This case will be watched with a great deal of interest throughout the State, as the Strobhar family is well known. It will likely be brought to trial at the next term of the circuit court.

Attorney B. A. Thrasher is representing the plaintiff.

THE AUTOMOBILE LAW.

Of Interest to the Owners and General Public.

Owners of automobiles would do well to read Chapter 5437, Laws of Florida, Acts of 1905. We understand that some owners of these vehicles are daily violating this law, especially Section 9, which is as follows:

"Sec. 9. Any person operating any such registered motor vehicle shall, at request or on signal by putting up the hand, from a person riding, leading or driving a restive horse or horses or other draft animals, bring such motor vehicle immediately to a stop, and if traveling in the opposite direction, remain stationary so long as may be reasonable to allow such horse or animal to pass, and, if traveling in the same direction, use reasonable caution in thereafter passing such horse or animal: provided that, in case such horse or animal appears badly frightened or the person operating such motor vehicle is requested so to do, such person shall cause the motor of such vehicle to cease running so long as shall be reasonably necessary to prevent accident and insure the safety of others."

There are other sections of the law which are of interest to owners of these kind of machines, for the violation of which there is a severe penalty attached, and all should post themselves regarding the same before they are required to appear before a committing magistrate.

Mr. May in New York.

C. D. May of Newberry has been in New York for the past two weeks buying his fall and winter goods. In a letter to Pat Hubbard, at Newberry, he says:

"You can promise your customers the prettiest line of goods ever shown in Newberry, as we are here in time to pick over and get just what we want of the very latest fads."

Mr. May makes semi-annual trips to New York and the Eastern markets, and as he has had many years' experience in buying, his customers are always sure of getting what they want, and at the price that saves them money.

COLORED MAN WAS KILLED AT HAGUE

Jack Barnes Shot at Preacher and Killed Another Man.

TOM M'GEE WAS THE VICTIM

Barnes and Rev. Grant Fell Out Over Trivial Financial Matter, Which Caused Bloodshed—Rev. Grant in Dangerous Condition and May Die.

Jack Barnes, a negro at Hague, went gunning for Rev. Grant, a colored preacher at Hague, Saturday, with the result that Grant is wounded and another negro, Thomas McGee, an innocent party, is dead.

Barnes and Rev. Grant, it appears from what could be learned, had trouble over some trivial financial matter, which has resulted in hard feeling for some time. It is also said that they had been saying very uncomplimentary things about each other, with the result that Barnes became determined, and with a shotgun, went looking for the reverend parson. He met him in front of Parker's store and proceeded without ceremony to endeavor to "do him up." Raising the gun he fired, some of the shots taking effect. The main charge, however, struck McGee, who expired instantly.

Barnes, it is said, made no attempt to escape. He was arrested by Deputy Sheriff Arch Hague, who turned him over to Deputy Sheriff Osteen, and he was brought to this city and placed in jail, where he will have to await the next session of the circuit court.

BROOKLYN BRIDGE FINISHED.

One of the Seven Wonders of Gainesville is Now Complete.

The famous Brooklyn bridge, as it has been termed, has been completed on South Roper avenue over Sweetwater branch, leading to South Gainesville and the cemetery.

Brooklyn bridge, like one of the seven wonders of the world we read about, assumes a smaller proportion, and it may be said that it is one of the seven wonders of Gainesville. For years the citizens of the city who have occasion to travel to South Gainesville and the cemetery from East Gainesville points, have been contending for and requesting this bridge, as it would save them about half a mile in transit. The "proper people" in the person of M. B. Saunders, who is a friend of everybody, finally took the matter up, secured a petition with fifty or more names, and went about the thing in the proper manner. He not only presented the petition to the City Council requesting this bridge, but actually went before that august body himself, and told the council what a necessity the bridge was, and how badly the people of Gainesville needed it.

Mr. Saunders secured the sympathy and approval of the street committee, of which Dr. J. Harrison Hodges is chairman, with the result that the bridge is now a thing of reality instead of a myth and a delusion.

Let the people of East Gainesville thank Mr. Saunders and the street committee of the council, through Dr. Hodges, the chairman.

W. E. LANIER ARRESTED.

White Man Wanted in Georgia Was Arrested in the West End.

W. E. Lanier, white, wanted in Miller county, Ga., upon a charge alleging that he left that country refusing to pay for cotton, is in jail here awaiting the arrival of Sheriff John S. Wilkes of Colquitt, the county seat of Miller county.

Sheriff Fennell received information and instructions to arrest Lanier and hold him in custody, subject to the orders of the Georgia authorities. A description was furnished, and the man was taken into custody by Officer Granger at Wannee and brought to this city.

Sheriff Wilkes has been notified and is expected to come for his man today.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. JUSTICE COLMAN'S COURT.

Frank Massey Toted a Gun and Was Yanked by the Law.

Frank Massey is comparatively a small man, but he carried a big gun. In fact, the gun was so big that it was really in his own way, and the handle protruded so far out of his pocket that anybody who knew what a gun was could realize that he was carrying one if they were in a position to view him from the rear.

An officer caught on to the fact that Frank was "toting" a pistol, and, with that ambition which a good officer usually has, pulled him in. Justice Colman did the balance by assessing him with a fine of $100 and costs or the usual six months digging rock at the phosphate mines.

Frank will dig.

Election In Alaska.

Seattle, Wash., Aug. 17.—Only fragmentary returns are being received from Tuesday's election in Alaska for delegates to congress. Reports from Fairbanks and the Tanana district indicate that Cale and Wasken, miners' candidates for the long and short terms, respectively, are running far ahead of the other candidates. The Nome district has not yet been heard from and the returns from there make a big change in the election.

THE SEWER WORK

Work Progressing Nicely in Construction of City Sewerage.

Contractor Beeman, who has a large force engaged in the sewer work, is making fine progress. The gang is now at work on West Arlington street, having laid the pipes along West Main street South to that thoroughfare. Contractor Beeman is well satisfied with the progress being made, and says he will finish the contract in the time specified.

A great many people, in fact ninety-five per cent of them, are under the impression that this system will be used as a surface drainage, as well as to carry off the matter from premises, but this is a mistake. The system will furnish no surface drainage, but is intended only for sanitary purposes.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,

Information has been received in this city that S. H. Hall is confined in a hospital in Asheville, N. C. Mr. and Mrs. Hall left here a few weeks ago on a pleasure trip, and it is regretted that he was compelled to go to the hospital. His friends hope that his indisposition is only slight, and that he will be out in a short time.

Mrs. W. S. Milne, who has been on a visit to Mrs. M. B. Saunders in this city for the past few days, departed yesterday for Archer, where she will spend a short time with friends before proceeding to her home at St. Petersburg. Rev. Mr. Milne is now in Cleveland, Ohio, but expects to return to his home about the first of September.

The "Fats and Leans" will play a game of baseball at the park next Thursday afternoon for the benefit of the cemetery fund. The pay of the sexton is provided for by the city, but the ladies in charge of the cemetery are sorely in need of funds for repairing the fence, and as the annual game of ball between the fat and lean men never fails to draw a good crowd, it is expected that the game next Thursday will net a good sum.
